**Pollution Control /
Environmental Clearance**

Not applicable — no manufacturing, effluent-generating, or emission-generating activity is carried out

6. Compliance Declaration

This Industrial / Operational Premises Registration and Compliance Record confirms that the operational premises of Nirmaan Technologies Private Limited at the address stated above are used solely for software development, information technology services and related business operations. No manufacturing process, industrial production, or use of power-driven manufacturing machinery, as contemplated under the Factories Act, 1948, is carried out at this or any other premises of the Company. This record has been prepared for the purpose of due-diligence documentation in connection with the Company's proposed listing on the NSE Emerge platform.

7. Conditions of Registration

1. The premises shall be used exclusively for information technology / software services and ancillary business operations and shall not be used for any manufacturing, industrial production, or storage of hazardous materials without prior registration.
2. The Company shall maintain applicable labour law registrations (Shops and Establishments, Provident Fund, Employees' State Insurance) in good standing for all employees engaged at the facility.
3. The Company shall maintain fire safety, building occupancy, and electrical safety compliances applicable to commercial office premises.
4. The Company shall promptly notify the issuing authority of any material change in facility address, employee capacity, or nature of operations.
5. This record is issued on the basis of self-declared information provided by the Company and is subject to periodic verification and renewal.
