

MAHARASHTRA POLLUTION CONTROL BOARD

(Specimen format — Authority name is illustrative)

ENVIRONMENTAL COMPLIANCE STATEMENT

(Issued in respect of a technology / software services establishment — not a pollution-generating industrial unit)

Consent / Reference No.	CONSENT NO.: XXXX-XXXX
Document Reference	NIRMAAN/ECS/2026/001
Date of Issue	[Specimen date]
Validity	[Specimen date] to [Specimen date] (subject to periodic renewal / review)
Issuing Authority	Regional Office, Maharashtra Pollution Control Board, Pune (illustrative — specimen only)

1. Entity and Facility Details

Company Name	Nirmaan Technologies Private Limited
CIN	U72900PN2019PTC184627
Facility Name	Nirmaan Technology Operations Centre
Facility Address	4th Floor, Cerebrum IT Park, Kalyani Nagar, Pune, Maharashtra — 411006
Industry Category (as applicable to pollution classification)	Information Technology / Software Services — classified as a "White" category (non-polluting) establishment under Central Pollution Control Board categorisation criteria
Nature of Activity	Software product development, AI/ML model engineering, cloud platform operations, and related office-based business functions

2. Applicability Assessment

Based on a review of the Company's disclosed business activities, Nirmaan Technologies Private Limited operates a cloud-based AI SaaS platform for capital markets compliance software and does not undertake any manufacturing, chemical processing, industrial production, effluent-generating, or emission-generating activity. The Company's operations are confined to software development and IT/ITeS office functions carried out from its Technology Operations Centre in Pune, with cloud infrastructure hosted on third-party data centres (Amazon Web Services, Mumbai region).

Accordingly, the Company's facility falls within the "White" category of industries as classified by the Central Pollution Control Board (practically non-polluting establishments), for which Consent to Establish and Consent to Operate under the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981 are not ordinarily required. No Environmental Clearance under the Environment (Protection) Act, 1986 is applicable to the Company's operations.

3. Waste Categories Generated

Hazardous / Chemical Waste	None generated — not applicable
Industrial Effluent	None generated — not applicable

Air Emissions	None generated — not applicable (standard DG set for backup power only, operated intermittently and compliant with noise/emission norms for commercial premises)
General / Office Waste	Routine office waste (paper, packaging, e-waste from IT equipment) — managed through the building facility management's municipal solid waste and authorised e-waste recycler arrangements
E-Waste Management	Decommissioned IT hardware disposed of through an authorised e-waste recycler in accordance with the E-Waste (Management) Rules, 2022

4. Environmental Compliance Requirements Applicable to the Company

1. Compliance with municipal solid waste segregation and disposal norms applicable to commercial office premises.
2. Disposal of e-waste (decommissioned computers, servers, and related IT hardware) only through authorised recyclers/dismantlers registered under the E-Waste (Management) Rules, 2022.
3. Compliance with applicable noise-level norms for commercial premises, including in respect of any standby diesel generator sets.
4. Maintenance of fire safety and building-occupancy compliances applicable to the leased office premises, as administered by the building owner / facility management.
5. No requirement to obtain Consent to Establish, Consent to Operate, or Environmental Clearance, in the absence of any manufacturing, effluent-generating, or emission-generating activity.

5. Declaration

This Environmental Compliance Statement confirms that Nirmaan Technologies Private Limited does not operate any manufacturing, chemical, laboratory, or other industrial facility that would reasonably require Consent to Establish, Consent to Operate, or Environmental Clearance under applicable Indian environmental law. This statement has been prepared for the purpose of due-diligence documentation in connection with the Company's proposed listing on the NSE Emerge platform and is subject to periodic review in the event of any material change in the nature of the Company's operations or facilities.
